

Inglorious Basterds - iPhone game

Content

Based on the Hollywood movie "Inglorious Basterds" by Quentin Tarantino (to be re-laesed in August 2009), Nurogames developed a game for the iphone. The player has to apply strategy and tactics to stand the nazi's attack.

The goal of the game is to reach all levels which can be achieved by getting a certain number of nazis. Therefore, the player has to put the different characters in the perfect order within the according setting / level.

Features

- strategy and tactics game
- excellent graphics; settings and characters based on the movie
- long game fun and a lot of new challenges
- in-game purchase and trophy application
- regular level updates
